

Good Afternoon JRLA scholars and families,  
This is Mrs. Lewis with news you can use.

Due to mandates by Gov. Whitmer's "Shelter in Place" mandate, we are only allowed to have our building open for essential educational services. That being said, when the mandate is lifted, we will provide a date and time for all scholars to clean out their lockers and for seniors to retrieve their varsity jackets. Please feel free to mail your scholar's grade level packet back to our school or you may wait for a date in which you can drop the packet at the school after the "shelter in place" mandate has been lifted. If your scholar requires technology to engage in the next phase of instruction, you will be contacted by Dean of Operations, Katteeva James, via email and phone call with detailed directions. In order to ensure social distancing and healthy practices to mitigate the spread of COVID-19, you will need to complete the attached [form](#) by noon on Friday. Once the form is complete, device retrieval will take place between 9:00 am-2:00 pm on Saturday, April 11, 2020. Again, for those in need of a device, you will receive explicit directions.

Please know that all information shared within this call is available on our school's website at [jrladetroit.com](http://jrladetroit.com). Please continue to utilize our network sister school for food services Monday, Wednesday, and Friday from 10:00 am-1:00 pm at MacDowell Prep Academy located at 4201 W. Outer Dr. Detroit, MI. 48201.

As always, if you have any outstanding questions and/or concerns, please feel free to email me directly at: [lewisw@jrladetroit.com](mailto:lewisw@jrladetroit.com).

Thank you and stay safe during this time.
